

## **LIFE SKILLS (YOGA, PHYSICAL FITNESS, HEALTH AND HYGIENE)**

Life skill management for the adolescent is a pre-requisite of today's world. Life skills enable individuals to deal effectively with the demands and challenges of everyday life. It transforms a person into a "Balanced Adult" who makes a meaningful contribution to society. Life skills are applied in different spheres of life, such as human relationships, learning about rights and responsibilities, and health issues like Drug abuse, suicide prevention, and other mental health issues. In addition, this skill empowers students to take proactive measures to protect themselves, as well as to promote health and positive social relationships, including other applications such as the environment, education, consumer education, peace education and social-cultural issues.
